

Domestik AC3/31

Specifications

Grade:	AC3/31	Guarantee:	15 years Residential
Core:	Aqua stop HDF core	Panel Size:	1285x192x8mm
Box Size:	2.22m ² / 9 panels	Edges:	Square edge
Box weight:	16kg	Locking:	1 click 2 go pure

- The 8mm Domestik range is competitively priced and perfectly suited for domestic applications.
- 8 x Décors are available with colour co-ordinated skirtings, scotia's and profiles.
- The lightly embossed woodgrain surface creates a warm, realistic wood finish.
- The use of the 'Aqua Stop' core board offers a lower swell rate than regular laminates.
- The use of Travi-Lay Black (sound reducing underlay) is highly recommended.
- 1 click 2 go pure, the latest innovation in locking systems, will significantly reduce installation time.
- Domestik is produced to the highest standards of the European Producers of Laminate Flooring and Approved by SAWLFA.
