- Supreme AC4 is perfectly suited for heavy domestic and moderate commercial applications. An exceptional value for money product.
- 8 modern product designs are available with a unique woodgrain emboss. Different grain depths create a warm natural appearance.
- Colour co-ordinated skirting's, scotia's and profiles are available for each décor.
- The use of the 'Aqua Stop' core board offers a lower swell rate than regular laminates.
- 1 click 2 go pure, the latest innovation in locking systems, will significantly reduce installation time.
- Supreme is produced to the highest standards of the European Producers of Laminate Flooring and Approved by SAWLFA.
